

## Federation Girls Football Write Up

As the boys season is coming to an end attention shifts to the girl's team. As we have a large interest from girls wanting to be part of the squad this season, we decided to organise a few friendlies with other teams to see what we need to work on in future.

Our first friendly saw the girls coming up against Grange Junior School. The girls started the game really well with all of the players getting stuck into challenges and fighting hard to gain possession. The Federation team worked well as a team early in the game and Summer had several shots saved by a very able Grange goalkeeper. The team continued to work hard and soon enough their work payed off with Summer hitting a super shot into the top corner, out of reach from the diving goalie. Jasmine battled tirelessly in the centre of midfield and there was lots of energy from Erin, Morgan and Ella-May out wide on the wings. Corners were our teams weak point in the game and mid-way through the game Grange equalised from a low hit corner.

The girls didn't let this effect their confidence and continued to create chances. Caitlin broke through their defensive line to have her run brought to an end with a corner. Brooke, Alisha and Alice continued to frustrate their strikers with defensive tackles and blocks. Late in the game Summer struck again with some great work down the right wing she cut into the box and hit the ball home for the winner.

All the girls played amazingly for their first Federation fixture and deserved the win. Hopeful times for the Federation Girls Team, final score Federation 2-1 Grange.
